34	282315	CINCLANT	JCS		<p>This message contains Change No 4 to CINCLANT Oplan 312-62 (air operations) This plan has been divided into 3 different categories of action to allow for a rapid response to a variety of requirements, ranging from strikes against a single target to wide spread, air attacks throughout Cuba. The essential feature of this change provides for: Selective air strikes in retaliation to Cuban firing upon single reconnaissance aircraft, in which case destruction of the firing unit might be ordered limiting the mission to the destruction of a missile site (or sites) which pose a threat to countries outside of Cuba (DAIN 282375)</p>
